Dear Mr. Hekimian:

VARIANCE FOR AUTO SHREDDER WASTE FROM HUGO NEU-PROLER AND CLEAN STEEL INC.

Pursuant to my discussion with Angelo Bellomo on August 19, 1983, your request for an extension of the variance granted May 24, 1983, by this Department is approved subject to the concurrence of the Regional Water Quality Control Board.

This extension is for a period of six (6) months or until a consistent State wide policy on auto shredder waste is developed, whichever is sooner. Where the variance is inconsistent with the policy, the policy will govern.

Sincerely,

John A. Hinton, P.E.
